Raphaelle Ghanem

Software Engineering Student | Software Developer
rghan086@uottawa.ca | 613-513-9817 | Ottawa, ON | LinkedIn | GitHub | Portfolio

Experience

Software Designer (Co-op) | **Nokia** May 2026 – Aug. 2026
Java, Spring Boot, Kubernetes, Helm, ZooKeeper, Linux *Ottawa, ON*
- Added Spring configurations for ZooKeeper service registration, enabling automatic service discovery across microservices.
- Configured Kubernetes probes to expose application health and support reliable service startup and availability.
- Enabled remote JVM debugging by exposing debug ports through Kubernetes Services; troubleshot ZooKeeper registration issues by analyzing application logs and inspecting container filesystems and volume mounts.

Software Designer (Co-op) | **Nokia** Sept. 2025 – Dec. 2025
Java, Spring Boot, REST APIs, Gradle, Jenkins, Podman *Ottawa, ON*
- Contributed to bootstrapping a system health dashboard displaying application status and NFM-P data for managing classic network elements.
- Developed Java/Spring Boot backend services and REST APIs to integrate network management data, using Gradle, Jenkins, and Podman in a Linux-based CI/CD environment.

Systems Analyst (Full-Stack) (Co-op) | **CICS** Jan. 2025 – Apr. 2025
C#, JavaScript, ASP.NET, Razor, HTML, CSS, SQL *Ottawa, ON*
- Resolved 20+ software bugs and implemented 3+ features using C#, JavaScript, and ASP.NET; tested and deployed updates for public use.
- Queried and modified SQL database records to support application requirements and led UX/UI development for an internal product using Figma.

Web Communications Manager | **Canadian Cancer Survivor Network** May 2024 – Oct. 2024
WordPress, HTML, Web Content Management *Ottawa, ON*
- Improved website performance, information architecture, navigation, and accessibility; researched and updated 10+ pages with scientifically sourced content.

Projects

Yard 365 | *Next.js, TypeScript, PostgreSQL, Drizzle ORM, Stripe Connect*
- Built a full-stack Ottawa property-care marketplace where homeowners book lawn, leaf, and snow services while vetted PROs apply for and accept nearby jobs.
- Integrated Better Auth, PostgreSQL/Drizzle, Stripe Connect, Resend, and web push to support authentication, equipment verification, bookings, payouts, and notifications.

New Omelet | *Java, Android Studio, Firebase, Figma*
- Developed an Android e-commerce application with Firebase authentication, role-based access, inventory management, and order processing.

Personal Portfolio | *Next.js, TypeScript, Tailwind CSS, Motion*
- Designed and developed a responsive portfolio showcasing software projects and experience through reusable components and interactive UI.

Insite | *HTML, CSS, JavaScript, Figma, Git*
- Led a team to 1st place out of 24 teams in the SEG2900 Pitch Competition, developing and presenting a social application concept for connecting people through social events like concerts and sports games.

Education

University of Ottawa Ottawa, ON
Bachelor of Applied Science in Software Engineering (Co-op) *Sept. 2023 – Expected Dec. 2027*
- Scholarships: Ontario Professional Engineers Foundation for Education ($1,500); Admission Scholarship ($2,000).
- Hackathons: Hack the Hill II (2024), uOttahack VII (2025), Hack the Hill III (2025).

Leadership & Community

Cedars & Sounds | *Founder & Organizer* June 2026
- Organized a sold-out fundraising concert bringing together local musicians, artists, and businesses; raised over $1,200 for the Lebanese Red Cross.

Technical Skills

Languages: Java, Python, C#, JavaScript, TypeScript, SQL, HTML, CSS
Frameworks & Technologies: React.js, Next.js, Spring Boot, ASP.NET, REST APIs, PostgreSQL, Drizzle ORM, Firebase, Kubernetes, Docker, Helm, Jenkins
Developer Tools: Git, GitHub, GitLab, Cursor, IntelliJ, VS Code, Linux, Jira, Confluence
Other: Stripe Connect, Better Auth, Resend, Figma, Tailwind CSS, WordPress; English, French, Arabic (Fluent)
